## Package Contents

The w4 package includes:
- Power adapter
- Rubber feet
- 2x antennas
- w4 appliance

Rear Panel

Front Panel

Installation

1. Attach the rubber feet to the bottom corners of the w4 appliance.
2. Fasten the included WiFi antennas to the WiFi labeled SMA connectors.
3. Connect an ethernet cable from your Internet modem or router to the port labeled **INTERNET**.
4. Connect an ethernet cable from your management computer or LAN switch to **port 1**.
5. Plug in the 12V power adapter to a power source and connect it to the **DC 12V** power input on the rear panel.
6. The device powers automatically. Allow approximately 2 minutes for the system to initialize before continuing with the next steps.

Getting Started

You can manage your appliance via **Command Center** or from the local network.

From Command Center

1. Navigate your web browser to **https://untangle.com/cmd**.
2. Log in with your Untangle Command Center account, or click **Create Account** to set up an account.
3. Navigate to the Appliances screen and click **Add**.
4. Enter the Untangle serial number located on the bottom of your appliance.

untangle®
S/N: ‖ ▌█▌‖‖ ▌█‖ ‖█‖
<<serial_no>>

5. Click **Add** to confirm the new appliance.
6. Complete the initial setup to begin managing your appliance.

From the local network

1. Connect an ethernet cable from your management computer or LAN switch to the LAN port.
2. From your management computer, check the network status of your system and confirm that you receive an IPv4 address in the subnet of 192.168.2.0/24 (e.g. 192.168.2.100).
3. In a browser, navigate to **http://192.168.2.1**.
4. Follow the steps in your browser to complete the setup.

Warranty

This appliance is covered by a one or three year warranty based on the option chosen at the time of purchase. For a description of the warranty policy visit **http://www.untangle.com/refund-return-policy**.

Support & Documentation
